for kids 6 to 12 years old

New animal adventures and exploration every week. Learn about insects, spiders, reptiles, frogs, rabbits, turtles, birds, and much more.

There is SO much to learn!

next session starts

Jan. 26 to March 8 - 10 am to 12pm.

Ever wonder why:

- frogs are different from toads
- turtles are different from tortoises
- tarantulas have hair
- what animal can lose its tail and grow it back
- snakes shed their skin
- what animals can lick their own eyeballs !
