By agreeing to volunteer at Urban Safari Rescue Society (USRS), I understand working with animals, while vastly rewarding, can be a difficult, dangerous, and dirty job. I agree to follow all safety instructions and guidance received from USRS and will abide by all the rules and regulations. I will immediately report any uncertainties about the facility or animals to the supervisor on duty.

USRS takes all precautions to provide a safe environment for animals and humans. However, since animals are unpredictable, USRS is not responsible for any injuries or damage to person and property. All injuries, to volunteer or animal, must be reported immediately.

I warrant that I am at least 18* years of age and that I am legally competent to provide this consent in my own name. I further attest that I have read and understand this consent form and the associated rules and regulations.

*If applicant is not yet 18 years of age, parental consent is required and must be signed below. in accordance with the bylaws and policies of Urban Safari Rescue Society (USRS), volunteers must be **16 years of age or older**.

Individuals with intellectual and developmental disabilities who receive support from a support worker must always remain under the direct supervision of their support worker. Community Inclusion Groups will not exceed a participant-to-support-worker ratio of 2:1.
